Dear residents,

Please see below this week's updates.

Maintenance and works

SOUTH BANK platform 1 upgrade

Night works Monday 6 to Friday 10 December 2021

Due to the recent inclement weather, additional night works are required for the South Bank platform 1 upgrade. Queensland Rail will undertake additional platform works from Monday 6 to Friday 10 December (weather and construction conditions permitting).

For the safety of customers and construction workers, works have been scheduled in the evenings when there is reduced rail traffic. Nearby residents may experience some noise associated with construction activity, machinery, and truck movements.

A single lane closure will be in place on Tribune Street, South Brisbane to assist with construction works (see table below for details).

For more information please refer to the works notice at
